Pelosi-Hunters Point- R9 Response 2018-6-15 V8 (002) dj.DOCX

Please review this version, which includes a few small edits (in RLSO), the only substantive one being my added reference to the upcoming meeting with Leader Pelosi in her office. Because it is scheduled for later this month, it seemed odd not to mention it.

Yes, good to go, but please review this version, which includes an update a few minutes ago from CDPH regarding the timing on their workplan for parcel A. It was moved from "two months" to this next month.

Amy/Debbie –

I have made a change in the draft response letter I shared with you yesterday that addresses that CDPH has now agreed to do the retesting. The newly edited sentence in our draft letter now states the following in the 3rd paragraph:

The Navy has requested that the California Department of Public Health (CDPH) conduct radiological testing throughout Parcel A-1, which is where residents are located and which represents the majority of Parcel A. CDPH has agreed to conduct the requested testing and has already conducted a site visit with EPA, which would inform the development of a workplan over the next two months. EPA will work with the State and the Navy in reviewing that workplan and implementing a proactive communications plan to engage with you and other elected officials, as well as residents and the media, as the workplan is developed and work begins.

Please let Kelly or I know if you have any questions or need any additional information. We anticipate finalizing and printing this letter out on Monday for Mike Stoker's review and final signature.

Amy/Debbie –

Please find attached a **final draft response to the incoming letter from Congresswoman Nancy Pelosi on Hunters Point**. We have shared our draft response with the Navy's Legislative Counsel so that they are aware of our draft final response. We wanted to give you the opportunity to review and make any suggested edits/revisions to this final draft prior to it being printed out for RA Mike Stoker's review and signature for Monday, June 18th. The final signature date matches up with the Navy's expected final signature date so that both letters would go out on the same date.

I will be back in the office on Monday and will print out the final response on RA blue letterhead and deliver the Congressional yellow folder to Amy to share with Mike for his final review and signature.

Please let me and/or Kelly know if you have any questions or need any additional information.
